Math Online School

Use the number line to compare each pair of numbers. Write the correct symbol: < (less than), = (equal to), or > (greater than).

21,800	>	21,699		36,518		36,518
48,500		49,500		67,901		90,670
69,312		16,300		70,005		70,002
120,500		120,500		260,504		202,600
406,000		600,000		358,900		601,212
725,350		800,100		716,530		753,016
300,152		312,000		820,028		820,028
900,000		90,000		433,005		403,000

Arrange the numbers from smallest to largest!

48,500; 634,205; 19,500; 456,000

38,400; 519,200; 81,654; 194,305
