

Number puzzle

Follow the dotted lines and find out the color of each number.

The puzzle consists of a grid of numbers and colored squares. The numbers are arranged in two columns: 1, 2, 3, 4, 5 on the left and 6, 7, 8 on the right. The colored squares are arranged in two rows: yellow, orange, blue, and green in the top row; pink, brown, dark blue, and grey in the bottom row. Dotted lines connect the numbers to the colored squares as follows: 1 to yellow, 2 to pink, 3 to brown, 4 to dark blue, 5 to grey, 6 to orange, 7 to blue, and 8 to green.

1	2	3	4	5	6	7	8
