

Hungry Monsters

These three monsters love fruits and vegetables. But each monster likes only one specific fruit and one specific vegetable.

Can you figure out what each monster likes to eat the most?

Be careful: The monsters' colors have nothing to do with their favorite foods!

1. The orange monster likes peppers, but not apples.
2. Whoever likes carrots does not like pears.
3. The green monster's favorite vegetable is not orange.
4. Neither the yellow monster nor the green monster likes plums.
