

Valentine's Day

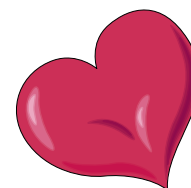

Four friends – Andrew, Fred, Ralph, and Troy – gave their girlfriends a Valentine's Day gift. Their girlfriends are Lara, Nadia, Carla, and Isabella. The gifts were a bottle of perfume, a bracelet, a necklace, and a box of chocolates.

Can you figure out who gave which gift to whom?

- Four different friends are: Troy, the one who loves Carla, the one who loves Lara, and the one who bought the perfume.
- Andrew does not love Carla, and he bought neither the box of chocolates nor the perfume.
- Isabella is not Troy's girlfriend, and he did not buy the necklace.
- Ralph did not give his girlfriend the perfume.
- Lara did not receive a necklace.

		Girlfriend				Gift			
		Lara	Nadia	Carla	Isabella	Perfume	Bracelet	Necklace	Box of Chocolates
Name	Andrew								
	Fred								
	Ralph								
	Troy								
Gift	Perfume								
	Bracelet								
	Necklace								
	Box of Chocolates								

Tips:

- Use "X" to eliminate possibilities.
- Use "O" to mark discoveries.
- Read each clue carefully.
- Read the clues more than once.
- Think about how the clues connect.
- Work step by step to find the answer.
