

Shopping Day

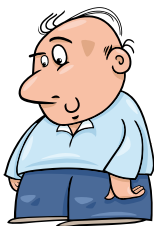

At their weekly card game on Friday, four neighbors talk about what they bought during the week and on which day they made their purchase.

Can you figure out who bought each item and on which day?

1. Mr. Black bought the lamp, but not on Wednesday.
2. A cell phone was bought on Tuesday, but not by Mr. Burke.
3. The book was bought before Friday, but not by Mr. Wright.
4. Mr. Knox bought something on Wednesday, but it was not a new book.
