

Visiting the Aunts

Last Sunday, the four Milton children visited their aunts – Luna, Jade, Isla, and Mandy. Each aunt baked a different treat (Swiss roll, donuts, pretzels, or cheesecake) and gave the children some money to buy ice cream. Can you figure out which aunt baked which treat and how much money each aunt gave them?

1. After visiting Aunt Mandy, the children went to visit the aunt who baked the Swiss roll. She gave them 2 euros more than Aunt Mandy.
2. Aunt Jade did not give them 7 euros.
3. After visiting the aunt who baked pretzels, the children went to visit Aunt Isla, who gave them 5 euros less than the aunt with the pretzels.
4. The aunt who baked the donuts did not give them 2 euros.
