

Children's Rooms

The Jones family has bought a new house. The house is large, so Julia, Petra, Anne and Anton each got their own new room in their favorite colors: yellow, pink, green and red. Which room color does each child have?

1. Anton and Julia do not like the color pink.
2. The red room belongs to a girl.
3. Anne likes either green or yellow.
4. Anton likes the color yellow, but there is another color he prefers even more.
