

Vehicles

Ben has four vehicles at home: a bicycle, a car, a scooter and a delivery van that his father uses for work. All four vehicles are different colors – yellow, white, red and blue.

Can you figure out the color of each vehicle?

1. The delivery van is either white or blue.
2. One of the two-wheeled vehicles is red.
3. The car is neither white nor blue.
4. The scooter is either blue or yellow.
