

Vegetables

The farmers have grown lots of vegetables in their garden.
Can you figure out how many of each vegetable are in the garden?
Which vegetable is there ten of?

1. There are twelve carrots in the garden.
2. There are half as many pumpkins as beets.
3. There are 7 of one vegetable on the left side.
4. There are 3 more tomatoes than cucumbers.
5. Altogether, there are 18 tomatoes and beets.
