

A Trip to the Mountains

Four friends – Dean, Gina, Elliot, and Donna – are going on a trip to the mountains. Each of them is bringing a different drink (tea, lemonade, fruit juice, or smoothie) and a different snack (sandwich, bread roll, cinnamon roll, or muffin). Can you figure out who is bringing what?

1. The boy who brought tea also brought the cinnamon roll.
2. Gina did not bring a smoothie, and she is bringing a sandwich.
3. Elliot brought neither the bread roll nor the fruit juice.
4. The boy who brought lemonade also brought a muffin.
5. Donna did not bring the snack that goes with the tea.
6. Dean brought the drink that is not fruity.

Name	Dean	Gina	Elliot	Donna
Drink				
Snack				

Dean — Tea and Cinnamon Roll; Gina — Fruit Juice and Sandwich; Elliot — Lemonade and Muffin; Donna — Smoothie and Bread Roll
