Math Online School

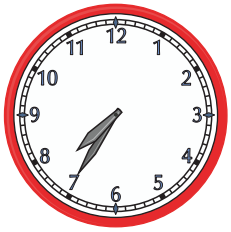

Elapsed Time

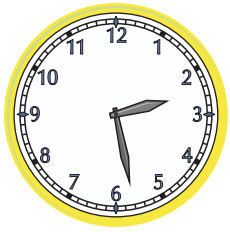

How many hours and minutes have passed?
If the end minutes are greater than the start minutes, count up to the end minutes first.
Then, count the hours from that point to the end time.

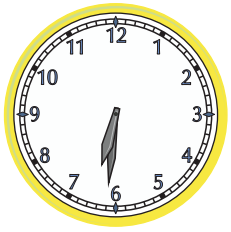

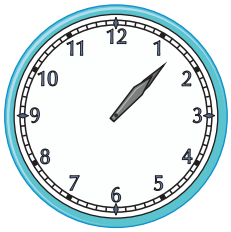

10:12 a.m. → min → 10:35 → h → **7:35 p.m.**

2:28 p.m. → min → 2:31 → h → **6:31 p.m.**

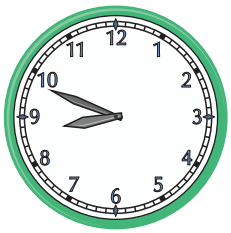

01:12 a.m. → min → 01:51 → h → **08:51 a.m.**

03:24 p.m. → min → 03:49 → h → **08:49 p.m.**

Elapsed Time

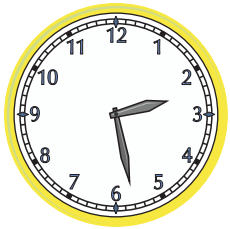

How many hours and minutes have passed?
If the end minutes are greater than the start minutes, count up to the end minutes first.
Then, count the hours from that point to the end time.

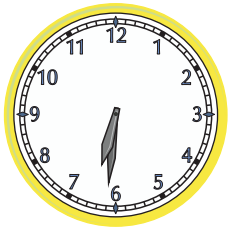

9 h 23 min

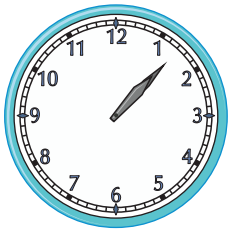

10:12 a.m. → **23** min → 10:35 → **9** h → **7:35 p.m.**

4 h 3 min

2:28 p.m. → **3** min → 2:31 → **4** h → **6:31 p.m.**

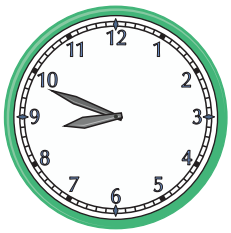

7 h 39 min

01:12 a.m. → **39** min → 01:51 → **7** h → **08:51 a.m.**

5 h 25 min

03:24 p.m. → **25** min → 03:49 → **5** h → **08:49 p.m.**
